Bampton Cubs is run by volunteer leaders Chris, Sophie and Gordon. We are also supported by the invaluable help of a young leader in the form of Nathan.

We had to say goodbye to the regular help of Jason who after many years as Akela and assistant cub leader has had to stand down as his work takes him to Bristol during the week. We also rely on the support of parents to lend a helping hand each term at the pack nights, and to help out while the pack is on camp. Without the help of these leaders and parents who give up their time we would be unable to do any of the activities we do.
